I.E. If a rider is signed up for the 65+ and is coming from the 58 Novice class, he will retain the yellow plates and be required to practice in the novice practice sessions.

4.1 Starting in 2016, Women must run Blue backgrounds with white or yellow numbers at all National events.

4.2 National events are subject to the full background color rules listed under **CLASS IDENTIFICATION**.

4.3 NOTE: In addition to the above listed class identification, the number one rider for the chapter, as well as national champions, can elect to run the current SX and MX style "red" background with a white or black number/letter.

4.4 CLASSIFICATION: New members must race two “evaluation” races to determine rider classification. Riders may be reclassified at any time at the discretion of the Race Director or Assistant race Director. If a rider believes he/she has been misclassified, he/she may request that his/her classification be re-evaluated. All decisions by the Race Director in regards to re-classification will be final. If a rider so chooses to go against the race Director or Assistant race Director’s ruling, that rider can elect to ride in a slower class, but must do (4) re-evaluation rides worth 25 points each. At the end of this (4) race re-evaluation, the Final decision still lies with the Race Director and/or the Assistant Race Director.

4.4.1 If the Race Director moves a Rider to a lower classification, that Rider is exempt from being re-evaluated

4.4.2 Any rider racing in the Master’s class is exempt from the two-race evaluation process.

4.5 Class changes: During the course of the season, riders who are promoted by their chapter’s race director to a faster skill level may carry their accumulated national/local points to their new class as long as their points do not exceed the leader of the class they are moving into.

4.7 UNCLASSIFIED RIDERS: Riders being evaluated are considered unclassified riders and will receive minimum points (25 points) per event for the first 2 evaluation races.

Numbers outside of the top 25 can be requested by any member or person applying for membership with preference given to the rider with that number from the previous year provided the membership is submitted and paid for prior to or during the first race of the season.

4.9 RETIRED NUMBERS: This is chapter specific. Please see article XIV

- 4.14 COMING OFF INJURIES or DROPPING TO A LOWER SKILL LEVEL:**
Riders who come back from injuries or long layoff will be allowed to participate in a lower class for four (4) re-evaluation races, with the Race Director's approval. The rider must display the OTHG provided red "E" sticker on all three number plates for the four races to let the other riders in the class know the individual is being reevaluated and is not currently in contention for points and will receive minimum points. Riders that choose to race a National race during this four-race period, may only race the National race in their original class (NOT in the lower class). After the completion of the four races, and if the rider still feels he/she is not ready to return to their original higher classification, the rider must petition the Race Director to remain in the lower class. If at anytime the rider being re-evaluated wins a race (with a full gate count) that rider will return to the higher class and no further evaluation will be necessary.
- 4.15** Starting in 2019 promotions to a higher skill level shall be based on a point system. See attached points chart
- 4.15.1** If at the discretion of the race director, you have earned the promotion prior to accumulating the required points, the Race Director will have the authority to do so.
